## What we are working on

**Reading:** Students learned to make connections to historical events by identifying the main idea and supporting details and answering questions about the text.

**Skills:** Students learned to recognize and use soft and hard 'g' sounds.

**Math:** Students extended the base ten understanding to numbers within 200. Having worked with manipulatives to compose 10 ones as 1 ten, students relate this to composing 10 tens as 1 hundred. Students move from concrete to pictorial as they use math drawings to represent compositions of 1 ten and 1 hundred.

**Writing:** This week the students used what they learned about doing research on wolves to research their own animal, take notes and publish a report.

**Science:** Scientists spent time observing the plants in the investigation and took notes of the changes. They completed an activity using the book Cactus Hotel to understand the life cycle of a saguaro cactus by creating an accordion book.

## Homework

**Homework Due: Wednesday, 2/3**

**Reading Logs:** Reading Logs are due: *Friday, 1/29*

Students should continue to read and visit the AR website to practice Math Facts in a Flash...
