## What we are working on

**Reading:** Students had a reteach week focusing on how characters respond to major events and challenges in a story and providing textual evidence. Students also worked on identifying the theme of a story.

**Skills:** Students recognized that a contraction is a short way of saying or writing two words. Students learned the strategy of using an apostrophe to take the place of letters dropped when forming a contraction

**Writing:** Writers reviewed how to include dialogue in their writing with proper punctuation. They also worked on planning and writing a personal narrative. Writers set goals and revised their writing.

**Math:** students continued working on adding and subtracting three digit numbers. They reviewed greater than and less than in standard, unit, and expanded form.

**Science/Social Studies:** Students worked on learning how communities grow and shrink based on needs and wants.

## Homework

**Reading Logs:** Reading Logs are due: *Monday, 4/4*

Students should continue to read and visit the AR website to practice Math Facts in a Flash...
