## What we are working on

**Reading:** Readers learned to make judgements as they read by considering facts, character's point of view, and personal experiences. They applied their learning by writing opinion narratives that state their opinion with reasons and examples from the text.

**Skills:** This week student's focused on -y endings like happy and puppy.

**Writing:** Writers planned, and wrote their biographies.

**Math:** Mathematicians are learning to sort and record data into picture graphs and bar graphs.

**Science:** Scientists expanded their learning of physics by looking at forces of motion such as pushes and pulls.

## Homework

**Reading Logs:** Reading Logs are due: *Friday, 4/29*

Students should continue to read and visit the AR website to practice Math Facts in a Flash...

### Spelling:

unhappy unkind repaint refill unlike remake  
unpack reread unlock rename rewrite unused

**Challenge Words:** uncomfortable unamused

**Math:** Math packet found in folders.

**Writing:** Find things around your home that require you to push or pull to create the force of motion. Collect materials you could use to create a fast vehicle. Then, you will design and build a vehicle that can be moved by initiating a push or a pull. Scientists will then complete the How-to writing response.
