Newsletter #4
September 14th - 18th

2nd Grade Classroom Newsletter

Room 213

What we are working on

Reading: Students learned to recognize story elements: setting, characters, problem, events, solution.

Skills: We continued working with long vowels. The focus was on long a and long i patterns.

Math: Mathematicians continued using their knowledge of basic facts and place value to add within 100. We tackled place value to compose and decompose numbers. They also reviewed odd and even numbers and took their module assessment.

Writing: Writers continued working with connected sentences. This week the focus was using proper nouns. We created a class flip book of super sentences.

Science: This week we switched to science. The first lesson was on understanding the scientific method. We started science with the unit on Earth Materials: rocks, water and soil. The students learned that all materials have properties.

Homework

Due: Wednesday, 9/23

Reading Logs: Students are asked to read at home for 20 minutes each night and record what they've read.

Reading logs are due: **Wednesday, 9/30**

Spelling: Choose 3 Tic-Tac-Toe Activities

Words

these nose use rose pole close cute
those mule one love come

Challenge Words: wrote ice cube
